**Trail Registers**

Usage of Trail Registers has changed.  
As a result, Registers are now located  
at the following Trail Mileages:

**0.00, 4.85, 13.25, 22.13, 28.39,  
41.94, 49.02, 59.06  
and on the Link Trail mile 5.50**

In order to track emergencies, it is  
recommended you sign all Registers,  
especially if you are hiking the entire,  
or a large section of, the LT.

On **Map #2**, High Knob Rd crossing label  
should say **29.95 mi.**
